INTRODUCTORY.

We present herewith the ninth volume of Caron's New Albany and Jeffersonville City Directory. The canvass has been thorough and we believe accurate; the compilation of names careful and systematic. The New Albany department contains 9822 names, which multiplied by $2\frac{1}{2}$ will give a population of 24,555. The Jeffersonville department contains 6191 names, which multiplied by $2\frac{1}{2}$ will give a population of 15,477. The publisher returns his thanks to the merchants, manufacturers and business men of New Albany and Jeffersonville for the continued patronage extended him, and renews his promise to the public to make each succeeding volume more worthy of commendation and patronage.

O. K. CARON.
